

Kamado Grill TABLE

Now you can have a mobile Caddy for your Kamado Grill with the quality, style, and durability you expect from DeSavino and Sons. Our Caddy is loaded with features to enhance your cooking experience.

The DeSavino & Son's Outdoor Kitchen Line is constructed with materials of high quality and durability.

Originally designed for the marine industry, High Density Polyethylene (HDPE) provides an aesthetically appealing and structurally sound base. Our HDPE outdoor kitchens will not split, rot, or absorb water like wood.

Sustainable Solutions For Outdoor Living

HIGH-DENSITY POLYETHYLENE (HDPE) FACTS

- Made from recycled materials
- 100% recyclable
- Contains 25%-75% post-industrial content
- No painting means no VOC emissions
- Improved air quality
- Resists mold, mildew, fungus and bacteria
- Factory responsible recycling

KAMADO GRILL TABLE

- Solid ¾" thick High density Polyethylene (HDPE) marine grade polymer with color throughout.
- UV Stable which will prevent our cabinetry from fading to harmful UV rays.
- Impermeable to moisture which won't develop any mildew.
- Easy to clean, just wash with soap and water when it gets dirty. HDPE is tough against stains, spills and splashes.
- Our maintenance free cabinetry is manufactured to retain a look as great as the day you bought it.
- Contains no natural wood material and is therefore safe from animals, bugs and any other harmful insects.
- Withstands temperatures of -60° up to 250°F+.
- Complies with FDA and USDA requirements for food contact.

Weatherproof

Constructed from marine grade polymer, our Caddy can weather storms without swelling, absorbing moisture, or developing mildew.

Maintenance Free

Just wash with a hose or pressure washer when it gets dirty.

Utensil Storage

Stainless steel hooks mounted to the side of the table allow a convenient way to hang your cooking utensils.

Storage

Use the fixed storage shelf or fit an entire bag of lump charcoal.

Plate Setter Storage

Store accessories conveniently in the cabinet. The fixed storage shelf is designed to hold your plate setter and other "must have" accessories.

Kamado Grill TABLE

Premium Grade Cabinetry for the Kamado Grill

Our Table is manufactured from a low maintenance material that resists chemicals and fading. The Table will withstand repeated cleanings with a power washer. Of course, a water hose and scrub brush can also do the trick.

This style Table can be ordered to fit the following Kamado Grills:

- Big Green Egg - Extra Large, Large, Medium or Small
- Caliber Pro Kamado
- Grill Dome Infinity Series - Large or Small
- Kamado Joe - Classic Joe
- Primo - Oval Junior and Round
- Saffire

CAUTION: A concrete paver block or granite tile is often used to support a Kamado grill when used in a table or built-in. If not used in conjunction with a metal Table Nest, it is recommended that these be stacked at least 3" thick for proper heat protection.

FOR MAXIMUM HEAT PROTECTION, IT IS BEST THAT A GRANITE TILE AND A METAL TABLE NEST BE USED IN COMBINATION.

** The 3CM Granite Stone base underneath the grill is not included with this cart.

IMPORTANT DISCLAIMER

The use of the Big Green Egg logo and name is not an implied endorsement by the Big Green Egg Company. DeSavino & Son's Products is independent of the Big Green Egg. DeSavino & Son's builds fine outdoor cabinetry to fit for a variety of grill manufacturers.

The products depicted are not associated with and are not endorsed by Big Green Egg. Our products are not affiliated with the Big Green Egg Company. Big Green Egg®, EGG and The Ultimate Cooking Experience® are Trademarks of the Big Green Egg Inc. The kamado grill, grill utensils, lump charcoal, smoking woods and granite tile shown in photos are not included with the table.
